AI Blood Smear Analysis Report

Sample ID	SAMPLE-2D9D77A6
Analysis ID	2d9d77a6a9024e4497b75ee2c6d3b0ac
Generated	25 Oct 2026, 03:46:12 India Standard Time
Model	best.pt
Review status	Pending human review

Processed Image

Detection Summary

Cell Class	Detection Count
Platelets	2
RBC	18
WBC	1
Total detections	21

Detection Confidence

Mean detection confidence: 65.0%

Image Quality Checks

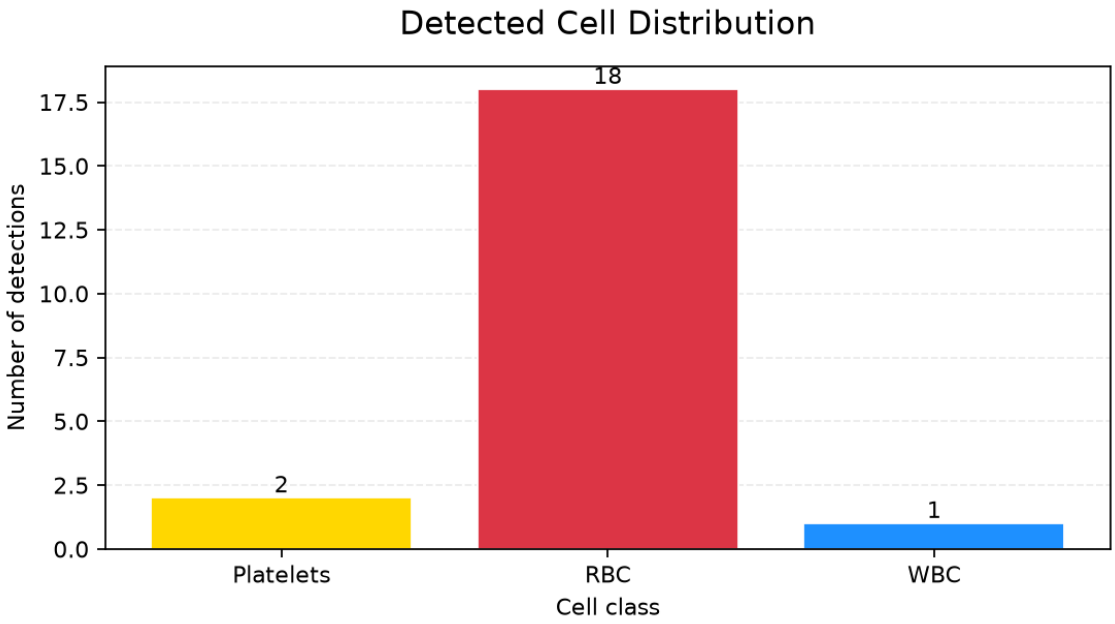

Image dimensions: 416 × 416 pixels
Blur indicator (Laplacian variance): 8.67

Mean brightness: 181.68
Contrast indicator: 20.18
Quality status: Review recommended

Warnings

• Possible blur detected. Consider capturing a sharper image.

Cell Distribution Chart

Important Notice

This report was generated by an AI-based research and educational prototype. Counts represent model detections in the uploaded image, not validated blood-cell concentrations or a complete blood count. Image-quality checks are heuristic. Results must not be used alone for diagnosis, treatment, or clinical decision-making. Review by a qualified professional and appropriate laboratory validation are required before any clinical use.
